

## NG5002 Research Ethics for Graduate Researchers Timetable for Semester 1, AY2024/2025

**Instructions:**

1. Students to complete NG5002 core topics and two (2) elective topics during the 6-week course.
2. Students are required to select two (2) electives, one conducted synchronously (which involves attending a tutorial class) and the other conducted asynchronously (no class involved, just an online assessment task). For the first elective, students are advised to choose an elective that is relevant to their chosen field of research. For the asynchronous tutorial, students may choose either another elective topic that is relevant to their research field or a topic that is outside their research field.
3. Students must choose their **first elective topic** from the NG5002 timetable below (choose one from either mini semester 1A or 1B) for class allocation during Course Registration (<https://nus.edu.sg/coursereq/>).
4. Each class tutor will cover the core topics and one (1) elective topic. Students will be given more instructions on selecting the **second elective topic** once they have been enrolled in the course.
5. For more information on NG5002, please refer to <https://nusgs.nus.edu.sg/ng5002-research-ethics-for-graduate-researchers/>.
